Subject: Consent Decree Review

ASCAP / BMI must be contained and held to rate standards as provided under the Consent Decree

Without government supervision the expansion of licensing fees will absolutely increase and get out of control and the PRO attempt to expanded what items they should receiving licensing fees based upon - rates may also become out of control

This will all have a negative affect on the ultimate music consumer / ticket buyer to live events raising already high ticket prices even further

Should you have a desire to expand the discussion, please feel free to reach the writer directly

All the best,

Keith S. Mahler
