Subject: AntiTrust Consent Decrees

To whomever can help,

Any change to the Anti-Trust Consent Decrees would be devastating to the performing arts centers across the country. The additional fees would be crippling, but for BMI & ASCAP to be able to decide what venue would be allowed to present concerts or what performers a venue would be able to present would be disastrous. Please do not eliminate the Anti-Trust Consent Decrees.

Thank you,

Mary Adair Trumbly
